

ADVANCING WITH HONOR

Life Technologies. Join in to stand out.

Life Technologies is the global biotech leader that is shaping discovery and improving life by creating products and services— from instruments to everyday lab essentials – that help facilitate significant scientific breakthroughs. Scientists worldwide use our innovative solutions every day in their pursuit to solve some of the most difficult biological challenges of the 21st century. At Life Technologies, we believe in the power of science to improve the human condition. But even more than that, we believe in the power of our people to transform science. We are committed to the principle that diversity and inclusion will help us think beyond boundaries, lead with determination, and speed results to market – to advance Life forward. Learn more about our positions by visiting our [website](#) or by attending an upcoming recruitment event.

OPPORTUNITIES

We have roughly 500 open positions in the U.S and overseas.

- Employment
- Paid Intern Employment
- Military Apprenticeship Program

APPLY

If you are a veteran or on active duty transitioning soon, you can apply today on the Life Technologies website: bit.ly/lifetechveterans

- If you are not a veteran or on active duty, please apply for any of these positions on the Life Technologies website: www.lifetech.com/careers
- Next, reach out to John Engstrom. John—a retired Marine—is dedicated to bringing the best and brightest veterans to Life Technologies. Send him your resume, the name of the position you applied for, and any questions you have. John can be reached at John.engstrom@lifetech.com

ADVANCING WITH HONOR

Paid Intern Employment Opportunities

Life Technologies also has paid intern employment opportunities throughout the U.S. In order to qualify for these opportunities, you must meet the following two prerequisites:

1. Intern candidates must be currently enrolled at an accredited college or university, pursuing a Bachelor's, Master's or PhD degree.
2. Graduating students are eligible ONLY if they are returning to school the following semester to pursue the next level degree.

Please use the same links above to apply for any of these intern positions.

Military Apprenticeship Program (MAP)

We have a program for active duty military personnel that are transitioning soon. If you see an occupational area on our website that you are interested in learning more about, we may be able to provide you with a one-day job shadowing experience at Life Technologies shadowing someone who works in that specific area.

To take advantage of any of these fantastic opportunities, please contact:
