

ADVANCING WITH HONOR

EMPLOYMENT OPPORTUNITIES WITH ADVANCED MICROSCOPY GROUP (AMG)

Life Technologies is proud to announce the recent acquisition of AMG in Bothell, WA.

We are looking for veterans that have outstanding leadership, a tremendous work ethic, can learn quickly and want to advance with honor in a great company!

We are looking for one Mechanical Engineer with a degree in Mechanical Engineering.

We are also looking for approximately 8 former or transitioning NCO's and Petty Officers that have had experience in one of the following areas: Avionics, Electronic Technicians, Ground Support Equipment or Aerospace Ground Equipment. We're looking for veterans that have great attention to detail, quality control focus and can learn quickly to work on high tech microscopes.

We are proud to announce the following employment opportunities that are currently posted on our website at www.lifetech.com/careers.

- 12340BR Sr. Manufacturing Technician
- 12342BR Intermediate QA/QC Inspector
- 12379BR Assoc Product Applications Specialist
- 12504BR Manufacturing Technician
- 12558BR Supervisor, Manufacturing

Please apply online for the above positions and notify John Engstrom of the position that you applied for.

Veterans and transitioning military personnel interested in applying for a Mechanical Engineer position and the high tech telescope technician positions, please send your resume to John Engstrom at john.engstrom@lifetech.com.
