REGISTER TO VOTE

In order to register to vote the law requires that you must:

- Must register under their legal name
- Must be a U.S. Citizen by birth or naturalization
  Owning property within the county does not entitle an individual to vote if they
  are not a citizen. This is a common misconception, especially when a referendum
  is on the ballot dealing with tax rate increases.
- Must be 18 years of age by Election Day
  Effective January 1, 2014: 17 year olds are now able to vote in a General Primary
  Election if the person will be 18 years old on the date of the immediately following
  General Election. Students are encouraged to register at their home address
  while attending a college or university. Have students contact the County Clerk's
  Office to receive a Vote by Mail ballot.
- Must be a resident of their precinct 30 days prior to election.
- Two forms of identification are required - one must show the current residence
  address of the applicant & provide proof of age.
