E. REPORTS OF ELECTED & APPOINTED OFFICIALS

E-1: Village Manager’s Report

Village Manager Linear introduced Mr. Joe Jones as the temporary Finance Director and reported that priorities for Mr. Jones are working on the budget for fiscal year 2013/14; facilitating the fiscal year 2010 Audit completion; working to complete open items from the former director, and overseeing the finance department.

Mr. Linear also reported that the Family Dollar Store Project is on-going and continues to be on schedule for a Spring opening; however there are some utilities that center on Aqua Water process which require Aqua to supply a one inch water supply line, as opposed to the six inch line that is needed due to the Village’s requirement that the building includes a sprinkler system. Since this was not included in the Builder’s original budget, they adjusted their budget to include it; however, the Village may be required to pay the cost of increasing the water supply. But we are negotiating these expenses. The first phase of the new street light installation project along University Parkway is complete, have been tested and passed the Engineering requirements, and reimbursements for the lights for business partners are being deposited into the Town Center Fund. He continues his work with IDOT for the road reconstruction project from Central to Cicero Avenue. He also presented a tentative calendar for the Board to consider for relating to the fiscal year 2013/14 budget. Those dates are: March 25, 2013, review of draft budget by the Finance Committee; April 2nd Board Workshop; April 9th first reading on Board Agenda; April 29th final reading on Board Agenda.

Trustee Griffin asked for an update on the completion of the 2009 Audit, and the IDOT off ramp issue.

Manager Linear responded that McGladrey has not indicated when they will release the documents, and that he is working with the attorney on the right-of-ways for the off ramp.

Trustee Roudez asked for clarity on the green posts in the Village; commented on placement of political sign, noting that he does not want political signs on village property; voiced his concern with the lack of minority contractors at the Family Dollar project, and requested that Manager Linear to get some minority contractors on that project. He also asked to know the process in place for notifying residents of anticipated stoppage of garbage service if their bill is more than two hundred dollars.

Manager Linear responded that from the beginning of the Family Dollar Project, it was known that Family Dollar brings in, and use their own contractors from town to town. Relating to notices for garbage service prior to stoppage he stated that past due notices are sent to the address and residents are advised to make payments with the Collector.

Mayor Covington also reported that we have received two IDOT awards: The first is 1.71 miles of resurfacing construction scheduled for Spring 2013 Illinois Route 50/Cicero Avenue from Steger Road to Governors Highway in the amount of $1,024,405; the second award is 1.15 miles of roadway reconstruction from I-57 from Harlem Avenue to Stuenkel Road in the amount of $5,886,631 and is scheduled for Spring 2013.
