- Must have a valid Driver's License
- Clean driving record required

The Aviation Tech Apprenticeship, created with aviation services provider AAR, lets participants gain real-world experience and develop critical job skills. Students in the program will receive:

## Hands-On Training

Work with sheet metal from actual airplane fuselages.

## Academic and Financial Support

Full scholarships will be provided to students accepted into the program.

## Job-Shadowing and Mentoring Opportunities

Learn from professionals to get an in-depth education.

## Get Certified

Earn a basic skills certificate from CertTEC, accredited by the International Certification Accreditation Council.

## Interview with AAR

Complete the program and apply for entry-level positions in aviation technology or in industries such as HVAC, metal packaging, and more.

## About AAR

AAR is an independent aviation service provider with customers in more than 100 countries. An industry leader, AAR's mission is "to be the best at designing and delivering technical, operational and financial solutions to enhance the efficiency and competitiveness of [their] commercial aviation and government customers."

## Details

This 10-week program at the South Chicago Learning Center, 3055 E. 92nd Street, 60617.

Classes are Monday through Friday from 1–7pm

CCC and AAR will provide textbooks and a loaner toolkit for class use.

Full scholarships for the pilot program will be provided to the fifteen students accepted into the program.

## Requirements

18 years or older

High school diploma or GED

Valid driver's license

Must read, write, speak, and understand English

Must be willing to undergo a background check and drug screening
